# 7 Ways to Engage

Share

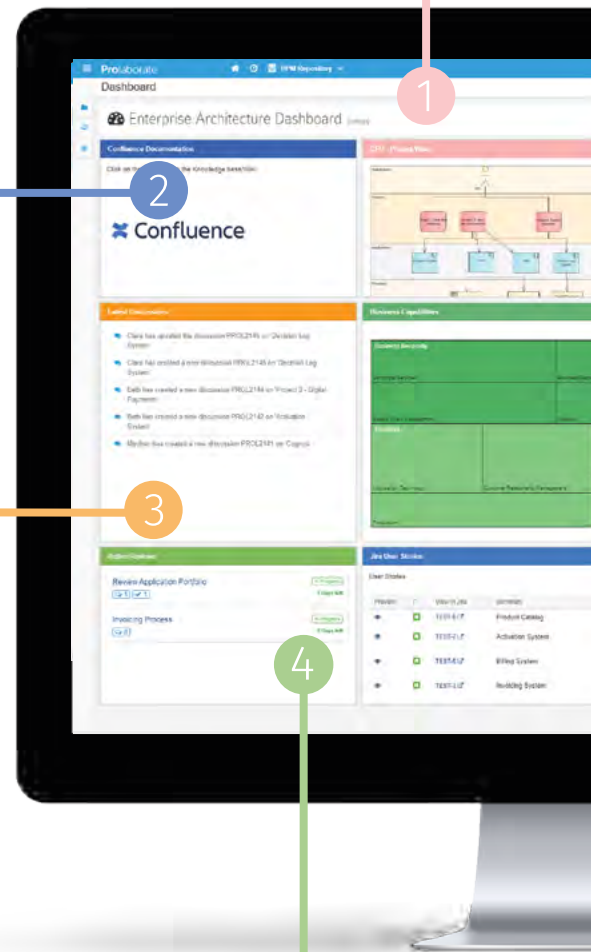

- Share
- View

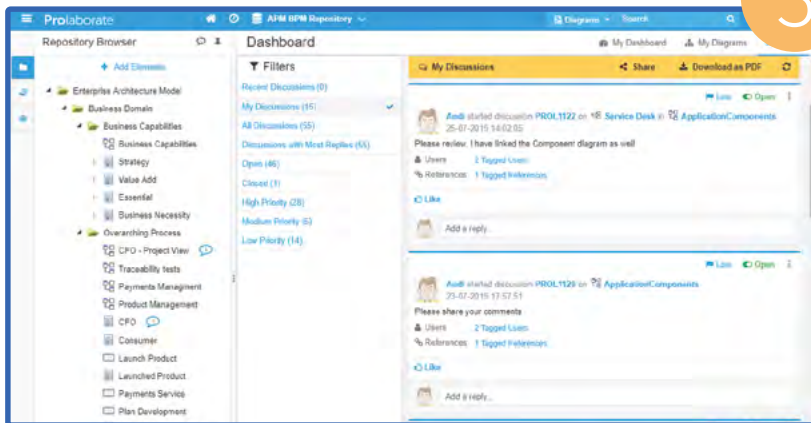

2

## Integrate with Confluence/SharePoint

- Publish real-time EA information on web portals
- EA diagrams are updated automatically

3

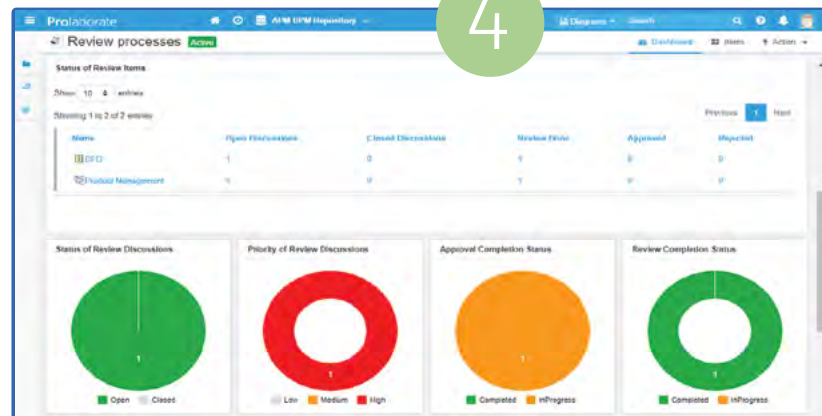

## Contextual Discussions

- Gather feedback quickly
- Let everyone join the conversation

## Gated Reviews

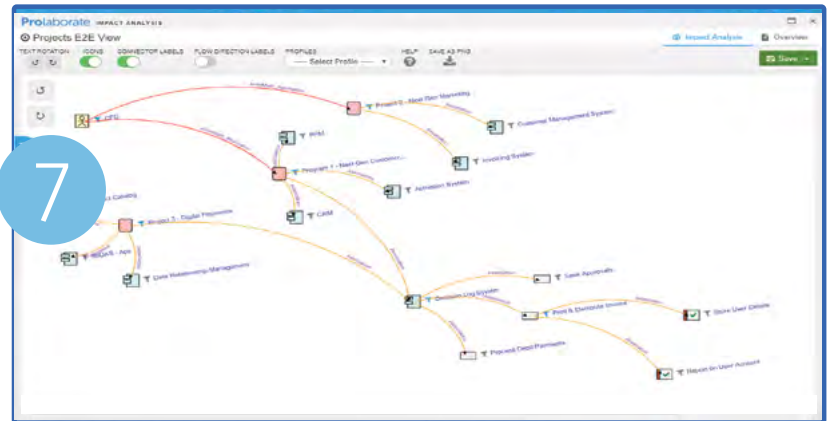

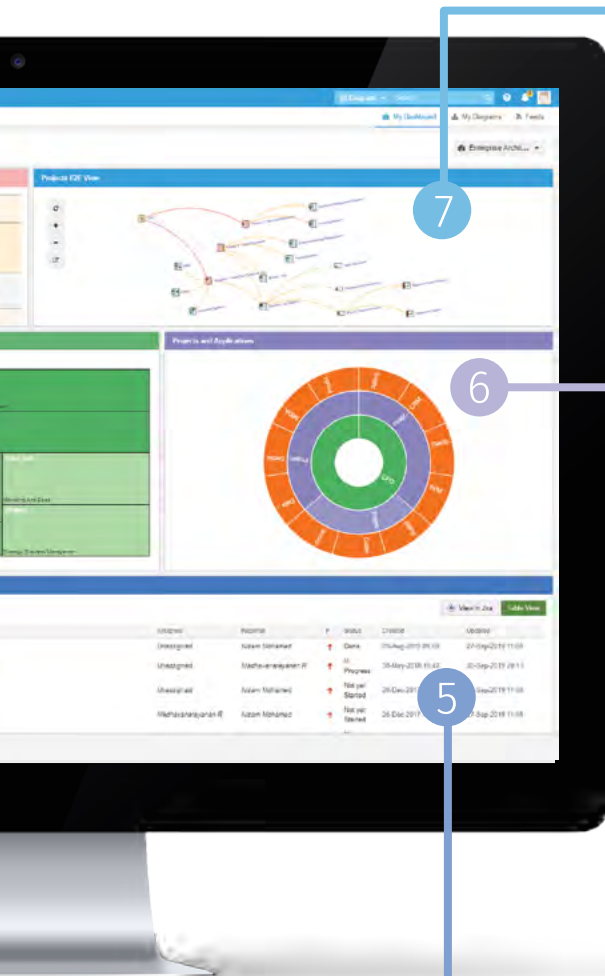

- Make your review process agile
- Better model governance

# Business Stakeholders

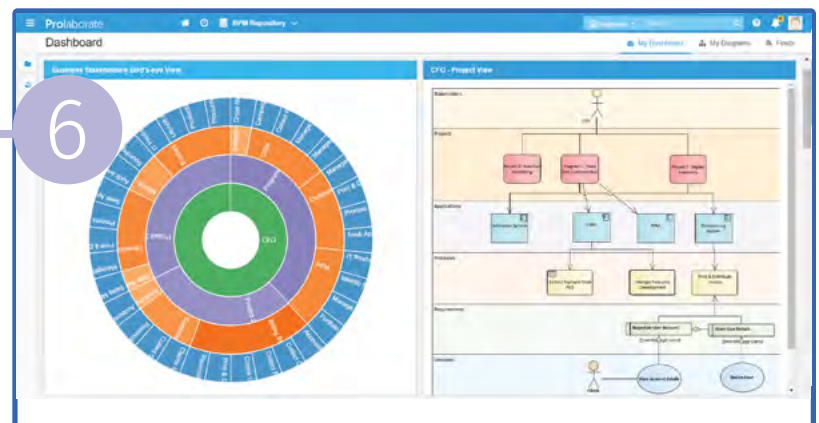

## are Live Information

are role-based views of EA repositories  
view, edit, and collaborate from anywhere

## Analyze Business Impacts

- Slice and dice EA model information
- Visualize and analyze relationships

## CxO Presentations

- Showcase architecture in One-Page
- Derive valuable insights from complex data

## Jira/DevOps Integration

- Seamless light-weight integration
- Bring in live reports to EA dashboards

The desktop screen displays the Prolaborate EA dashboard. At the top, there's a navigation bar with 'My Dashboard' and 'Feeds'. Below it, a 'User Stories' table is visible. A blue circle with the number '5' is overlaid on the table.

Process	View In Jira	Summary	Assignee	Reporter	P	Status	Created	Updated
TE01-6 (U)		Product Catalog	Unassigned	Aliam Mohamed	+	Done	09-Aug-2018 09:59	27-Sep-2019 11:00
TE01-7 (U)		Activation System	Unassigned	Mathan-anayapalan R	+	In Progress	30-May-2018 15:47	30-Sep-2019 20:13
TE01-8 (U)		Billing System	Unassigned	Aliam Mohamed	+	Not yet Started	26-Dec-2017 11:55	27-Sep-2019 11:00
TE01-4 (U)		Application Components	Unassigned	Aliam Mohamed	+	Not yet Started	26-Dec-2017 14:29	30-Sep-2019 11:00
TE01-3 (U)		Invoicing System	Unassigned	Mathan-anayapalan R	+	Not yet Started	26-Dec-2017 14:29	27-Sep-2019 11:00
TE01-2 (U)		Invoicing system - Issue	Unassigned	Aliam Mohamed	+	Not yet Started	26-Dec-2017 14:29	27-Sep-2019 11:00
TE01-1 (U)		Cognos	Unassigned	Aliam Mohamed	+	Not yet Started	26-Dec-2017 14:29	27-Sep-2019 11:00

# Take The Next Step!

- Share curated business knowledge to business stakeholders
- Enable live model information in enterprise Knowledge Management tools
- Engage non-EA users using state-of-the-art social collaboration tools
- Transform EA models into an intuitive portal with rich user experience
- Leverage model data to build CxO level visualizations and charts
- Advanced capabilities - Impact analysis, What-if analysis, and Relationship matrices

## ⚙️ Role-based Access

Allow customized views to specific parts of EA models

## ✖ Confluence Integration

Seamlessly publish live, self-refreshing EA diagrams in knowledge articles

## 🔍 Agile Model Reviews

Gated, workflow driven model reviews to foster transparency

## 💬 Social Collaboration

Enterprise-wide social platform to discuss the model from different viewpoints

## 👁 Rich User Experience

Enhance user experience by personalizing all touch points

## 📊 Interactive Visualizations

Create advanced reports and charts from EA data to answer business queries
